**Hydrodermabrasion**

***This is the newest advance in facial technology.***

Combines the process of exfoliation, hydration and firming of the skin. It is a high performance treatment that creates immediate results. Hydrodermabrasion is an anti-aging cosmetic procedure helping fine lines and wrinkles, pigmentation, sun damaged skin as well as dull and congested skin.

*Your skin will be smooth, exfoliated and hydrated!*

**Light Therapy**

***LED Light Activated Rejuvenation System***

Light therapy helps expedite younger looking skin as it improves color and texture. Light waves penetrate the skin while increasing collagen, elasticity and circulation. You will notice exciting results as Light Therapy visibly firms, tones and brightens your skin.

*The hottest innovation in anti-aging technologies!*

**Microcurrent**

The "non"-surgical facelift" using low level current. Relax and enjoy in comfort as your facial muscles are re-educated back into shape. Helps soften the appearance of fine lines and wrinkles.

*Leaves the skin noticeably firmed, toned,  
and with an all over uplifting GLO!*

**GLO Signature Treatments**

Customized treatments catered for your skins specific needs. Including deep cleansing, exfoliation, and custom masques, followed by a face, neck, and shoulder massage.  
*Leaves you and your skin clean and refreshed!*

**Make-Up Artistry**

Customized make-up artistry for special occasions, weddings, or an introduction to the effective application of make-up.
